

JOB OFFER:

web development (f/m)

What's the deal for you?

ms.GIS is a leading company in the field of IoT and geospatial solutions with offices in the US and current headquarters in Mödling (next to Vienna).

We offer you the opportunity to join one of our agile teams and start being productive from the first day in the office. You can choose between full-time or part-time employments and of course, we'll provide you the right IT equipment to get your work done.

We are an Equal Opportunity Employer and do not discriminate against applicants due to race, ethnicity, gender, disability or others.

If you are interested in working in a dedicated team, we look forward to receiving your application.

What do we expect from you?

Let yourself get inspired by our open minded and innovative spirit while joining your dedicated team. Participate, be respectful, supportive and show passion in what you do. Your ideas are appreciated anytime.

Apart from that, you should definitely be familiar with

- Javascript
- ReactJS framework
- RESTful Interfaces and JSON
- HTML5 frontend software development

The payment corresponds at least to the applicable Austrian collective agreement for information technology.

Please send application to:
